

DELTADECK

The DELTADECK is a compact, low-level access platform, ideal for working at heights between 2.45 m and 2.87 m. Designed for convenience and mobility, it features built-in castors and adjustable telescopic legs to suit a wide range of working environments and user needs.

This is a single-person assembly platform that requires no tools or additional parts. Quick to set up and easy to transport, the DELTADECK folds down to just 0.31m x 0.76m x 1.12m, making it small enough to fit in most cars and vans. Weighing only 26.8kg, it can be loaded and unloaded with ease by one person.

Safe & Reliable Performance

- Integrated handrails provide added safety and stability while working.
- Supports a maximum load capacity of 200kg, including the user and tools.
- Suitable for indoor and outdoor use on flat, stable surfaces.

With 9 different platform height settings, the DELTADECK offers precise adjustability to match your working requirements.

Always ensure the castor brakes are locked once the unit is in place and adjusted to the desired height.

DIMENSIONS ASSEMBLED 1900MM X 760MM X 1120MM

DIMENSIONS FOLDED 310MM X 760MM X 1120MM
